

## David L. Dodge, CSI, CDT

VICE PRESIDENT, BUSINESS AND CODE DEVELOPMENT

David has been involved in the construction industry since 1975. With an extensive background in project estimating and management and a bachelor's degree in business management, David soon realized a great deal of success in building product marketing and sales. Within this venue he found his passion – building code development and architectural design compliance. Since 1988, he has assisted architectural firms in understanding and implementing the provisions of the model codes as they pertain to fire and life safety. His particular focus is on the fire door industry, promoting cutting edge technology to resolve code compliance challenges.

David is a corporate member of the International Code Council (ICC) and earned his Construction Document Technologist (CDT) from the Construction Specifications Institute. He has served on several ICC committees, both local, regional and national, for the adoption and implementation of the International Building Code throughout the US. He is a recognized speaker and instructor, teaching the fire and life safety provisions of the model codes to design professionals and regulatory officials. David is a certified CEU instructor under the ICC Education Provider program. As part of the McKeon Door Company team David draws on his 35-plus years of experience in the building code arena when assisting design professionals and product representatives with code and design compliance challenges.
